Members of the Arts Council of the North Okanagan invite you to an exhibit of earthworks and plein air paintings. Artists were encouraged to spend time creating in the great outdoors, and finding ways to bring that art indoors, to the Vernon Community Arts Centre.

They can range from subtle, temporary interventions in the landscape to significant, sculptural, long lasting alterations. For this exhibit, we asked artists to bring the land into the Vernon Community Arts Centre via paintings, sculptures, photographs or other creating installations that incorporate natural materials such as tree branches, foliage, rocks, or clay. Some of these works may also retain their origins in the community and public places, so we can also extend the exhibit back into nature where everything stemmed from.

Date and Time: Sunday, September 25 12:00 p.m. - 4:00 p.m.

Members of the Arts Council of the North Okanagan invite you to an exhibit of earthworks and plein air paintings. Artists were encouraged to spend time creating in the great outdoors, and finding ways to bring that art indoors, to the Vernon Community Arts Centre.

Earthworks are generally made by shaping the land itself or by making forms in the land using natural materials like rocks or tree branches. They can range from subtle, temporary interventions in the landscape to significant, sculptural, long lasting alterations. For this exhibit, we asked artists to bring the land into the Vernon Community Arts Centre via paintings, sculptures, photographs or other creating installations that incorporate natural materials such as tree branches, foliage, rocks, or clay. ## Jesse Cook Tempest II Tour @ Vernon & District Performing Arts Centre

Date and Time: Sunday, September 25 07:30 p.m. - 9:00 p.m.

Just over a year ago, I was getting ready to begin the Tempest 25 Tour. In honor of the 25th anniversary of "Tempest", my first CD. I didn't know it at the time, but there was a larger and very real storm in our path.

Of course, at this point, the whole world knows what happened next. There was no tour, there were no concerts. And we've all lived through a storm like nothing we've seen before in our lives.

For those of you who had tickets from a year ago, thank you for your patience and understanding, as we have been working hard to find the right time to start again. We wanted to be sure that when we did return, everyone would be safe.

And finally, today, after much hard work, I am proud to be launching (or is it relaunching?) the TEMPEST II TOUR, almost 2 years later.

Whether you have tickets from a year ago, or are looking for new show announcements, please refer to my website, as it will have the most up to date links and information.

When it's time for us to come together in celebration. I hope you'll join me in kicking social distancing to the curb, bring your dance shoes, and let the rumba party begin!

Hope to see you soon!!

-Jesse

### Outside Inside Art Exhibit @ VCAC

Date and Time: Tuesday, September 27 09:00 a.m. - 9:00 p.m.

Members of the Arts Council of the North Okanagan invite you to an exhibit of earthworks and plein air paintings. Artists were encouraged to spend time creating in the great outdoors, and finding ways to bring that art indoors, to the Vernon Community Arts Centre.

Earthworks are generally made by shaping the land itself or by making forms in the land using natural materials like rocks or tree branches. They can range from subtle, temporary interventions in the landscape to significant, sculptural, long lasting alterations. For this exhibit, we asked artists to bring the land into the Vernon Community Arts Centre via paintings, sculptures, photographs or other creating installations that incorporate natural materials such as tree branches, foliage, rocks, or clay. Some of these works may also retain their origins in the community and public places, so we can also extend the exhibit back into nature where everything stemmed from.

All ages will participate in flower, fabric, paint and other exploratory WAYFINDER art in action workshops that will result in an experience based art installation that will be displayed beyond the walls of the gallery. The Sunflower Skirts Stories will be shared on the Wayfinder Network Podcast [AR:T ROUTE RADIO](#).

Date and Time: Tuesday, September 27 06:00 p.m. - 8:00 p.m.

The KAIROS Blanket Exercise is an experiential workshop that explores the nation-to-nation relationship between Indigenous and non-Indigenous peoples in Canada. Blankets arranged on the floor represent land and participants are invited to step into the roles of First Nations, Inuit and later Métis peoples. The workshop helps people to understand how the colonization of this land impacts those who were here long before settlers arrived. It engages people's minds and hearts in understanding why the relationship between Indigenous and non-Indigenous peoples is often broken and how we can take action together.

## Outside Inside Art Exhibit @ VCAC

Date and Time: Sunday, October 2 12:00 p.m. - 4:00 p.m.

Members of the Arts Council of the North Okanagan invite you to an exhibit of earthworks and plein air paintings. Artists were encouraged to spend time creating in the great outdoors, and finding ways to bring that art indoors, to the Vernon Community Arts Centre.

Earthworks are generally made by shaping the land itself or by making forms in the land using natural materials like rocks or tree branches. They can range from subtle, temporary interventions in the landscape to significant, sculptural, long lasting alterations. For this exhibit, we asked artists to bring the land into the Vernon Community Arts Centre via paintings, sculptures, photographs or other creating installations that incorporate natural materials such as tree branches, foliage, rocks, or clay. Some of these works may also retain their origins in the community and public places, so we can also extend the exhibit back into nature where everything stemmed from.

## The Wayfinder Sunflower Project @ Gallery Vertigo

Date and Time: Saturday, October 8 12:00 p.m. - 4:00 p.m.

The Sunflower Skirts - The Wayfinder When Seniors Create Project

Gallery Vertigo, in partnership with [Artist Michelle Loughery The Wayfinder Sunflower Project](#), are proud to announce that they have received funding from the Government of Canada's New Horizons for Seniors Program. The Program is a federal grants and contributions program whose goal is to support projects that help improve the well-being of seniors and foster social inclusion and engagement in their communities.

The funds will be used in contribution to create a community collaborative art installation that will fill the Gallery with multi-medium art pieces. The installation titled "Sunflower Skirts" will explore patterns and ornamentation on skirts that women have worn in their journeys in Canada.

All ages will participate in flower, fabric, paint and other exploratory WAYFINDER art in action workshops that will result in an experience based art installation that will be displayed beyond the walls of the gallery. The Sunflower Skirts Stories will be shared on the Wayfinder Network Podcast [AR:T ROUTE RADIO](#).

## Burrows Morena Quartet @ The Vernon Jazz Club

Date and Time: Saturday, October 8 08:00 p.m. - 11:00 p.m.

Carlo Morena is one of Italy's foremost jazz pianists and has performed and recorded with musicians such as Dave Liebman, Bob Mintzer, John Abercrombie, and Charlie Mariano. Morena met Vancouver guitarist, Jared Burrows, in 2016 and the two found that they share a similar approach to composition and harmony influenced by European composers such as Kenny Wheeler and Enrico Pieranunzi. Compositions by Burrows and Morena will be presented along with a few choice standards. Rounding out the band for this tour are Joe Poole (drums) and Brent Gubbels (bass), two of Vancouver most in-demand veteran sidemen. Expect an evening of intimate, chamber jazz with frequent excursions into swinging groove territory. The quartet last visited the Vernon Jazz club when they toured BC and Alberta in 2019 and they are thrilled to be coming back to this wonderful gem of a venue.

ed.notes: the last sentence was a direct quote from Jared Burrows! The VJC is equally excited to have you return.

## Outside Inside Art Exhibit @ VCAC

Date and Time: Sunday, October 9 12:00 p.m. - 4:00 p.m.

Members of the Arts Council of the North Okanagan invite you to an exhibit of earthworks and plein air paintings. Artists were encouraged to spend time creating in the great outdoors, and finding ways to bring that art indoors, to the Vernon Community Arts Centre.

Earthworks are generally made by shaping the land itself or by making forms in the land using natural materials like rocks or tree branches. They can range from subtle, temporary interventions in the landscape to significant, sculptural, long lasting alterations. For this exhibit, we asked artists to bring the land into the Vernon Community Arts Centre via paintings, sculptures, photographs or other creating installations that incorporate natural materials such as tree branches, foliage, rocks, or clay. Some of these works may also retain their origins in the community and public places, so we can also extend the exhibit back into nature where everything stemmed from.

### **Outside Inside Art Exhibit @ VCAC**

Date and Time: Saturday, October 15 09:00 a.m. - 5:00 p.m.

Members of the Arts Council of the North Okanagan invite you to an exhibit of earthworks and plein air paintings. Artists were encouraged to spend time creating in the great outdoors, and finding ways to bring that art indoors, to the Vernon Community Arts Centre.

Earthworks are generally made by shaping the land itself or by making forms in the land using natural materials like rocks or tree branches. They can range from subtle, temporary interventions in the landscape to significant, sculptural, long lasting alterations. For this exhibit, we asked artists to bring the land into the Vernon Community Arts Centre via paintings, sculptures, photographs or other creating installations that incorporate natural materials such as tree branches, foliage, rocks, or clay. Some of these works may also retain their origins in the community and public places, so we can also extend the exhibit back into nature where everything stemmed from.

The Program is a federal grants and contributions program whose goal is to support projects that help improve the well-being of seniors and foster social inclusion and engagement in their communities.

The funds will be used in contribution to create a community collaborative art installation that will fill the Gallery with multi-medium art pieces. The installation titled "Sunflower Skirts" will explore patterns and ornamentation on skirts that women have worn in their journeys in Canada.

All ages will participate in flower, fabric, paint and other exploratory WAYFINDER art in action workshops that will result in an experience based art installation that will be displayed beyond the walls of the gallery. The Sunflower Skirts Stories will be shared on the Wayfinder Network Podcast [AR:T ROUTE RADIO](#).
